The accommodation contains eleven spacious en-suite rooms all of which also have small kitchenette areas. Arrdeir House provides a housing support and a meals service which comprises of lunch and dinner. Meals are nutritious and are freshly cooked on site by staff. There is a bright and spacious communal dining room, a comfortable conservatory/lounge area and a fully equipped laundry.</p> <p>Our Housing Support service has on site staff and a 24 hour emergency alarm call system which enables residents to summon help quickly. When staff are off duty calls are transferred to the community alarm service at Woodhill House. There is a member of staff sleeping in, who can respond quickly should an emergency arise. Support staff also help residents to arrange and participate in social activities. Tenancies are offered on an assured tenancy basis to older people who require housing support, who would benefit from the security of supported living and enjoy the company of others. In addition we may also consider offering a chargeable room cleaning/laundry service and we could also consider providing a Care at Home service, if funding and arrangements are agreed by VSA and Care Management.</p>
